1.2 Manual Organization and Change Control

Number: 1.2
Title: Manual Organization and Change Control
Date: 09/12/17

Purpose: This section describes how the Manual is organized and changed.

Numbering: The manual is divided into 9 groups as follows.

Group	Title
1	Manual Management
2	Commissions
3	Stewards
4	Paid Staff Position Guides
5	Volunteer Staff Position Guides
6	Policies and Procedures
7	Members of the Church Board
8	Constitution
9	By Laws

Each section is binomially numbered (two numbers) separated by a period. The first number is the group number the section is in. The sections are then numbered sequentially: 1.1, 1.2, 1.3, etc. The sections may be procedures, policies, position descriptions, etc. The Constitution and By Laws are included here as a convenience, but they should be considered separate documents.

Revisions: Each revision is dated. The manual is designed such that any section can be revised at any time without changing the rest of the manual. The Table of Contents (section 1.1) is only revised if a new section is added or an existing section is removed.

Approval Authorities: This manual is initially activated by vote of the Church Board. All subsequent manual section revisions are approved by the Church Board.

Standard Header: Each section has a standard header including the section number, section title, and revision date. The header on this section is the standard format header.

Revision Process: Any group or member may propose revisions to a section. The Manual Steward will prepare revisions for approval by the Board and ask the secretary to place the revision on the Board agenda. After Board approval, the manual steward will mark up the revisions and transmit them to the Technology Steward for posting on the website. After

posting the manual steward will copy the revisions and update the hard record copy. The office copy will be updated within a month.

Record Copy: The record copy is the official copy of the manual and the template for all other copies. One electronic record copy is kept on the church website. A hard record copy is kept at the home of the Manual Steward. When a section revision is approved by the Board, the electronic files on the website are updated within five working days. The hard record copy is updated within five working days after the electronic file changes are posted.

Office Copy: One hard copy is kept in the church office for use by the congregation. (The record copy held by the Manual Steward is the master copy.) The Secretary may make additional hard copies of sections as requested. The office copy is updated monthly by the manual steward.

6.1 Emergency Response Procedures

Number: 6.1
Title: Emergency Response Procedures
Date: 09/12/17

Purpose

This section provides procedure for members and visitors to respond to various emergencies while at church.

Procedures

- There are certain individuals likely to be at church during services or during normal office hours at the church. These individuals are designated as internal responders (not to be confused with first responders from local agencies). These individuals will direct church members and visitors at the time of the emergency.

Internal Responders
Pastor
Church Secretary
Nursery Attendant
Elders

- Internal responders shall maintain familiarity with the procedures for emergencies of concern and be prepared to act.
- There are certain emergencies that are more likely to occur in this area than other emergencies.

Emergencies of Concern
Armed Intruder
Bomb Threat
Dam Breach and Flooding
Earthquake
Fire
Ice Storms and Blizzards
Nuclear Materials Release
Volcanic Ash Fall

Armed Intruder Response

Certain behaviors are warning signs for a potential armed intruder. Members in general and others, if aware of these warning signs, should communicate concerns confidentially to the Pastor or an Elder. These signs include:

- Development of a personal grievance
- Inappropriate and recent acquisition of multiple weapons
- Recent escalation in weapons training
- Inappropriate and recent interest in explosives
- A significant real or perceived personal loss in previous weeks or months such as a death, breakup, divorce or loss of a job
- Intense interest or fascination with previous shootings or mass attacks
- A few offenders had a previous arrest for violent crimes.

The first rule of response to an armed intruder is to act immediately. Do not waste time on denial. The persons closest to the danger should shout “Gun! Get Out!” and call 911 by the closest cell or fixed phone available. A person calling in the emergency should describe as clearly as possible the three Ws: What, Where and Who.

The second rule of response is to run. If deemed safe to do so, the first course of action is to run out of the building and as far away as possible to a safe location. Leave personal belongings behind; visualize escape routes including routes for individuals with disabilities. Avoid escalators and elevators.

If running is not a safe option, hide. Hide in a location with thick walls and few windows if possible.

- Lock the doors and barricade them with heavy furniture
- Close and lock windows and close blinds
- Turn off lights
- Silence all electronic devices
- Remain silent
- Hide if possible in a place close to the exit, but out of view from the hallway
- Remain in place until cleared by law enforcement.

If running or hiding is not possible, fight. Try to disrupt or incapacitate the shooter with any means at hand including chairs, fire extinguishers or heavy items that can be effectively thrown.

After the incident, pastoral care may be necessary as well as professional counseling.

Bomb Threat

If the Secretary, Pastor or other member receives a bomb threat, the time and nature of the threat should be noted along with information on the call source, if available. 911 should be immediately called and the building evacuated.

Dam Breach and Flooding

A breach of Grand Coulee dam is not projected to flood the more elevated parts of Richland where the church is located. The system of dikes along the river will also protect most of the city. There will be adequate time to receive warnings and instructions from civil authorities in the event of a breach. Members at church should tune to emergency messages on local radio or TV to receive instructions regarding evacuation.

Earthquake

Richland is located in a moderate earthquake risk zone particularly compared to the West side of the State. However, emergency actions are necessary in the event of an earthquake.

The drop, cover, and hold on technique is the preferred method of the Federal Emergency Management Agency (FEMA) and the American Red Cross.

- Drop to the floor as soon as the earthquake hits.
- Take cover. Get under a sturdy table or other piece of furniture. If possible, stay away from glass, windows, outside doors and walls, and anything that could fall, such as lighting fixtures or furniture. If there isn't a table or desk near you, cover your face and head with your arms and crouch in an inside corner of the building. Do not run outside. You're more likely to get injured trying to get out of the building than staying put. Hiding under a doorway is a myth. You're safer under a table than you are under a doorway, especially in modern houses. Run to another room to get under a table or other piece of furniture if necessary.
- Hold on. The ground may be shaking and debris could be falling. Hold on to whatever surface or platform you've gotten under and wait for the shaking to subside. If you were unable to find a surface to hide under, continue to keep your head shielded by your arms and tucked down low.

Fire

In the event of fire:

- Call 911
- Evacuate the building while checking that others in the vicinity are also evacuated. Assist handicapped to evacuate. (An internal responder, if present, should check rooms normally occupied to make sure everyone is evacuated.)
- Follow marked evacuation routes as posted in the church.
- Assemble in an area away from the church and out of the way of first responders.

Ice Storm and Blizzards

Ice storms, blizzards and freezing rains are not uncommon in this area.

- When a winter storm warning is issued by NOAA; the Moderator and the Pastor shall consult and determine if cancellation of activities and the closing of the church is warranted. The Moderator has the authority to close the church and cancel activities during an emergency. (If the Moderator is not available, the Pastor may act.) The Secretary will use the email list of members to notify about the closure.
- The Custodian should make every effort to secure the buildings before the storm hits by checking doors and windows.
- After the storm subsides, the Property Commission shall arrange for snow removal and repair of any damage done by the storm.

Nuclear Materials Release

Because of the proximity to Hanford Nuclear Reservation and an operating commercial reactor, nuclear incidents are of concern. Federal, State and Local authorities particularly at Hanford have well developed plans and training to respond to a nuclear incident including terrorist activities.

Until the amount of radiological contamination is determined, the following precautionary measures are recommended to minimize risk to the public.

- Remain inside and minimize opening doors and windows
- Children should stay indoors and not play outdoors
- Fruit and vegetables grown in the area should not be eaten
- An internal responder or other person shall turn off fans, air conditioners, and forced air heating units that bring in fresh air from the outside. Use them only to re-circulate air already in the building.
- Trained monitoring teams will be moving through the area wearing special protective clothing and equipment to determine the extent of possible radiological contamination. The dress of these teams should not be interpreted as indicating any special risk to those indoors.
- If you are outside, proceed to the nearest permanent structure. If you must go outside for critical or lifesaving activities, cover your nose and mouth and avoid stirring up and breathing any dust. It is important to remember that your movement outside could cause you greater exposure and possibly spread contamination to those already protected.
- Monitor local radio/television stations for information and directions.
- Respond to orders from civil authorities including orders to evacuate in an extreme case.

Volcanic Ash Fall

This region has experience with volcanic ash falls as a result of the Mt. Saint Helens eruptions. Since potential erupting volcanoes are located some hundreds of miles to the west and southwest, some hours will be available between the eruption and the beginning of ash fall. During that time, preparations must be made to respond to the ash fall.

- The Custodian or other person shall turn off fans, air conditioners, and forced air heating units that bring in fresh air from the outside. Use them only to re-circulate air already in the building.
- Windows should be closed and sealed with masking tape if time allows.
- The Pastor and the Moderator shall consult and determine if cancellation of activities and church closure is warranted. (The Moderator has the authority to close the church and cancel activities during an emergency. If the Moderator is not available, the Pastor has such authority.)
- Monitor local radio/television stations for information and directions.
- Respond to orders from civil authorities, including orders to evacuate in an extreme case.

6.2 Use of Facilities and Grounds

Number: 6.2
Title: Use of Facilities and Grounds
Revision: 3
Date: 12/17/19

Purpose

This document outlines the Northwest United Protestant (NWUP) Church policy concerning the use of church facilities, equipment (including the piano, organ, and kitchen facilities), and/or grounds by individuals and groups inside and outside the church. Usage of the facilities is defined by Short Term (one time usage or 2-3 consecutive days) and On Going (recurring usage on a daily or weekly basis).

Use of the facilities outside the parameters of the Use Agreement will require a separate agreement to be prepared and negotiated between NWUP Church and the user organization. Attachment 1 is the fee schedule for Short Term contracted use. On Going (recurring) use is paid on a monthly basis as negotiated between the user and NWUP Church's trustees.

Fees will not be assessed members of the church performing church business or in support of church events. Fees shall be assessed members of the church using church facilities for non-church use or business.

All users are required to coordinate usage of the facilities with the Church Moderator and assure that such use meets the intent of the User Guidelines listed below.

Washington State provides guidance on non-profits renting properties at <https://dor.wa.gov/find-taxes-rates/property-tax/property-tax-exemptions-and-deferrals>.

User Guidelines

Appropriate use of church facilities, equipment (including the piano, organ, kitchen facilities) and/or grounds and acceptable conduct during such use is the responsibility of the user. NWUP Church reserves the right to intervene if improper use is observed.

Use is restricted to the specific room(s) of the facilities or grounds areas described in the Agreement for Use of Church Facilities between Northwest United Protestant Church and the User when permission is granted. Use of access doors, adjacent hallways and rest rooms are included in the permitted use.

Permission shall be obtained during initial planning for use of decorations (other than

normal table decorations), signs, banners, or anything that does not already exist in or on the church facilities or grounds. Under no circumstances shall nails, screws, or fasteners of any type be used without prior permission. Failure to comply with this requirement may require an assessment of additional fees.

Thermostats shall not be operated without permission and instruction. Excessive use of heating or ventilation equipment is subject to assessment of additional fees.

If Round Tables are moved from one building to another (Ed building to/from Sanctuary building) they shall be transported on their special carts. Rectangular Tables are moved individually by lifting and carrying. Chairs may be carried individually or moved on their cart.

Vehicles are not permitted on areas outside the parking lot without prior express authorization. In the parking lot, vehicles should be parked in designated spaces with observance of parking space for the handicapped, as well as passenger loading. Use of the parking lot areas for public or non-NWUP Church parking of vehicles is not permitted without prior express authorization.

Lights shall be turned off and doors shall be closed and locked following use of church facilities. Keys provided for permitted use shall be returned to the NWUP Church office immediately following the end of use.

The use of alcohol, tobacco, or controlled substances is strictly prohibited in or on NWUP Church property, with the exception that the smoking of tobacco products is allowed in an approved area. Smoking remains shall be discarded in an appropriate container.

WHEN USING THE SANCTUARY PIANO IT IS TO REMAIN WHERE IT IS AND NOT BE MOVED.

ABSOLUTELY NO BEVERAGES OR FOOD ARE ALLOWED ON OR NEAR THE PIANO.
Any water in plastic containers must remain on the floor at all times.

User Fees

User fees are required to cover basic building costs such as lights, heating/air conditioning, janitorial, wear and tear to the facilities, equipment, and grounds.

A schedule of user fees is established and kept current as required by the Trustees. The current fee schedule is set forth in the Fee Schedule section below and is also available in the church office.

Fees are based upon an hourly rate with the minimum scheduled time being five hours. Fees for full-day, multi-day, or long-term planned activities are negotiated and

assessed on a case-by-case basis.

Fees shall be assessed for the damage, breakage, destruction or misuse of NWUP Church property used for other than normal church activities. Payment of such fees shall be the responsibility of the individual or group that applied for permission and signed the Agreement between the Church and User to use such property.

Responsibilities

The permitted user is responsible for acceptable conduct and appropriate use of NWUP Church facilities, equipment, and grounds during the period of use. Northwest United Protestant Church retains the option of whether or not a church designee attends any or all functions.

The Moderator negotiates Use Agreements with the potential user. Use Agreements are signed by a Trustee.

6.3 Policy Concerning Gifts to NWUP Church

Number: 6.3
Title: Policy Concerning Gifts to NWUP Church
Date: 06/15/21 (rev. 1)

Purpose

This policy defines the practices for accepting, using, and distributing gifts made to Northwest United Protestant (NWUP) Church. These gifts may be in the form of cash, property, life insurance policies, etc., and may be made through memorials, bequests, honorariums, and other gifts.

Types of Giving

Memorials are gifts made to the church by members and/or non-members which are given in memory of a deceased individual or individuals.

Bequests are gifts made to the church, typically through a will or other accepted legal document, and generally following death of the donor, which designate that funds, property, or other material goods are turned over to the church as directed by the document maker or designee or for their general use.

Honorariums are gifts, usually financial, received by the church for use or services, typically of nominal value, and provided without charge. They are treated as other gifts.

Other gifts, usually financial, are those gifts made to the church by a living donor who may be a member or a non-member.

Any of these gifts shall be considered to be of “substantial value” for the purposes of this policy if they are valued at **\$5000** or more. Those gifts of “substantial value” (unless they have been considered part of a member’s regular planned giving) shall be acknowledged in an appropriate and timely manner by the Stewardship and Finance Chair or designee.

The Financial Secretary shall coordinate with the Stewardship and Finance Commission for any such gifts reaching this substantial value criteria and which are not considered part of a member’s regular planned giving.

Designated Gifts

Gifts made to the church may have been designated for some purpose or use. If a gift is designated and is for a use considered acceptable by NWUP, the church shall make its best effort to use the gift in the manner designated. These gifts may be for temporary, one-time, or on-going purposes.

- Gifts may be designated by the donor to be, in whole or in part, for investment into a permanent Endowment Fund intended to benefit the long term or permanent operations of the church over a period of many years. Such gifts would have been expressed by the donor in the gift instrument for an endowment, or for use of the income, interest,

dividends or other similar language indicative of a permanent use. Washington State law governs the use and management of such endowment funds (RCW 24.55). Other restrictive uses for these proceeds might or might not have been made by the donor and, if the gift is accepted, should be followed.

- Gifts may be designated for a specific use, or a special purpose, or a continuing campaign related to the church's mission, or to a managed fund (such as General Fund, Building and Grounds Fund, Legacy Fund, etc.). These funds are established and maintained by the Treasurer, in consultation with the Stewardship and Finance commission.
- Gifts may be designated for a temporary campaign, project, or purpose administered by one or more of the established committees or commissions. These funds are established and maintained by the Treasurer in consultation with Stewardship and Finance and the Church Board.
- Designated monetary gifts, or gifts which have been converted to a monetary value, are tracked as appropriate by the Financial Secretary and the Treasurer.

Undesignated Gifts

Gifts may be undesignated and may be part of a member's regular giving or considered as special undesignated gifts from members or non-members.

Both regular undesignated giving by a member which may (individually or collectively during the year) be at a level we would otherwise consider to be of "substantial value", and non-substantial undesignated gifts from non-members are placed in the church's General Fund and tracked by the Financial Secretary's reports.

Undesignated gifts which by themselves meet the threshold of "substantial value", and which are not part of a member's regular giving, shall be distributed according to the following policy.

- **10%** to Social Concerns Commission (above and beyond, their annually budgeted funds) to be used within the following 3 months for a purpose or purposes selected by that commission. If not used within the allotted 3 months, any remaining funds shall be incorporated as general fund revenues.
- **5%** to the Northern Lights Region or its successor.
- **10%** to the church's Building and Grounds Fund
- **75%** to be divided in equal parts between the church's General Fund (or in the case of Memorial gifts to the church's General Memorial Fund) and the church's invested Legacy Fund to provide for longer-term benefits to the mission of NWUP.

If a giver's intent is unclear, it may be necessary for the Financial Secretary or another designee to contact a giver to determine if they wish their gift to be considered as part of their regular giving or if it is an additional gift.

Acceptance of Gifts

Although most gifts are expected to be monetary in nature, other kinds of gifts may be considered acceptable by the church. Gifts of donated property, once accepted, may be converted to monetary proceeds or may be put to other use to benefit the church.

Gifts should not be accepted if their designated use or purpose is not, or likely will not in the future, be consistent with the purpose, programs, or the mission of the Church.

Gifts should not be accepted if the cost of maintenance of a gift or a designated use is considered excessive or inconsistent with the Church's budget.

Gifts should not be accepted if the source of the gift or nature of the gift or its proposed use or other stipulations associated with the gift conflict with the needs and goals of the church.

The Stewardship and Finance Commission may make a recommendation to the Church Board for acceptance or non-acceptance of the gift. Decisions regarding the non-acceptance of gifts shall always be referred to the Church Board. When gifts are not accepted, the Moderator, or designee, may encourage the donor to consider a change in the gift's proposed use or return the gift to the donor.

General Policy Regarding Gifts

Every reasonable effort shall be made to make the best use of gifts in a manner which supports the overall needs and goals of the church. Most gifts made to the church will be administered by the Stewardship and Finance commission through the Financial Secretary and the Treasurer. This Commission shall have jurisdiction over the acceptance and proper utilization of all gifts within their area of responsibility. As appropriate, some gifts may be administered by other commissions. In all cases, such administration shall be subject to the oversight and guidance by the Moderator and the Church Board.

It is usually preferred that specific uses for gifts to the church should not be designated by the donor(s). Undesignated or general use gifts allow the greatest flexibility in matching the gift with appropriate church needs. However, for designated gifts every reasonable effort will be made to comply with the wishes of the donor(s).

Governing Principles for Memorials

Memorials may be funds or items that are given for general use or to add to the dignity of worship, maintain, or increase the beauty and value of church property, or enhance one or more of the Church's programs or ministries. Memorials recognize and honor the life or accomplishments of some named person or persons, typically deceased.

Memorial gifts, which are not designated to specific use by the donor, shall be distributed in the same manner as other undesignated gifts except that funds that would otherwise go to the General Fund shall be placed in an identified Memorial Fund. Unless designated as such, Memorial funds should normally not be used toward the support of on-going budgeted expenses of the Church for the current year which are done through the General Fund.

Memorial funds should be reviewed annually by the Stewardship and Finance commission. If a designated memorial is not used for their specified purpose within one year of its donation, its status shall, at the discretion of Stewardship and Finance commission, be subject to review with the donor or their representative, and plans either revised to allow for its later use for the same purpose, or for another purpose, or for transfer of these funds to the undesignated General Memorial fund. Memorials use shall be consistent with the wishes of the bereaved families to the extent practical. Exceptions to this policy should be subject to consultation with the Church Board.

The orderly and expeditious use of the monies in the General Memorial Fund is preferred over unnecessary accumulation of funds, except accumulations designated for specifically identified and approved major purchases. Memorial gifts that are designated as permanent financial gifts are subject to the Governing Principles for Permanent Endowments as described in this document.

Although some memorials may be considered as items of permanent or lasting significance, their removal, discontinuance, or relocation may be justified by the passage of time and changes in the physical property, programs, or missions of the Church. This should be done in consultation with the Church Board.

The Stewardship and Finance commission shall establish practices, programs and/or recognition intended to give thanks for and encourage memorial gifts.

Governing Principles for Bequests

Gifts received through bequests may be directed in the settlement of an estate, or other legal processes. These may also be given to honor a named person or persons and should then be treated as memorials. Funds from other bequests shall be treated as other gifts and may be designated or undesignated.

Governing Principles for Gifts of Property

All gifts in the form of personal or real property (gifts other than cash) shall normally be converted to cash at their fair market value as soon as practicable unless it is considered to be of something of direct and immediate use to the church. Unless there has been a designation in connection with the gift, the cash received shall be treated in a manner consistent with other undesignated gifts.

The Stewardship and Finance Commission or their designee shall be responsible for obtaining a fair market evaluation from a reliable source; however, a property bequest may be retained for use by the Church, based on the judgment of the Stewardship and Finance Commission and approval of the Moderator, or in the event of substantial value by the Church Board.

If the property produces income, and the Church Board decides to retain that property, all such net income shall be treated as other gifts. If the Church Board determines that an income-producing property is no longer functioning satisfactorily, the property shall be liquidated. The funds received from the liquidation shall be treated as other gifts.

Subject to approval by the Church Board, the Trustees shall arrange the conversion of any gifted property to cash.

Governing Principles for Long Term Investments

Church funds not planned to be used for short term (less than one year) expenditures may be held as long term investments (for example, the NWUP Legacy Fund). These funds are managed for the church by the Stewardship and Finance commission and the Treasurer. They are subject to instruction or directives by the Church Board. The Treasurer's monthly reports should keep the Stewardship and Finance commission, the Moderator, and the Church Board informed of the amount in these investments and any material changes. Long Term Investments will be managed in reporting as a restricted asset, with sub-categories for any specific asset classes (for

example, Emergency Funds) as well as identifying the investment earnings remaining in the account.

These investments may include a portfolio consisting of federally insured certificates of deposit, of other forms of savings, and/or investments in uninsured corporate or treasury bonds, and other managed investments including corporate stocks. Special consideration may be given to such investments through the Christian Church Foundation. Investment earnings may be retained for compounded growth, or treated as current income, or some combination thereof, based on recommendations by the Stewardship and Finance commission and the Treasurer. The Church Board may direct some portion of these funds be retained as “Legacy” or limited access funds that would not be spent or reallocated without specific Board Approval. In that case, only the earnings from the investment(s) or other asset classes deemed “less permanent” would be routinely available. These earnings might be paid out annually at sustainable rate of withdrawal. Or with Church Board approval, specific asset classes could be eligible for withdrawal if needed.

The Stewardship and Finance commission may establish practices, programs and/or recognition intended to recognize and encourage giving designated to the church’s long term investments or “Legacy” funds. Note that these funds **may not** include donor gifts designated for use as permanent endowment funds. However they may include other gifts of a long-term nature and may be managed by the church in a manner similar to permanent endowments with both the principal and the earnings remaining subject to the use and spending authority of the church.

Governing Principles for Permanent Endowments

Through either donor designation or action of the Church Board, funds may be put in use by the church for investment as a permanent endowment (for example, the NWUP Endowment Fund). Once accepted, such endowment funds are subject to Washington State law (RCW 24.55) which seeks to maintain the permanent nature of the investment’s principal value. The church would only have access to use of the earnings from such investments. These earnings could typically be paid out annually at a sustainable rate of withdrawal. The Treasurer’s monthly reports should keep the Stewardship and Finance commission, the Moderator, and the Church Board informed of the amount in these investments and of any material changes.

The Stewardship and Finance commission shall seek approval by the Church Board as to where the funds will be invested. Investments shall be made in stable instruments such as certificates of deposit, money market funds, or high quality managed investment portfolios. Special consideration may be given to investment with the Christian Church Foundation.

The Stewardship and Finance commission may establish practices, programs and/or recognition intended to recognize and encourage giving to the church’s permanent endowment(s).

Governing Principles Concerning Short Term Donations for Specific Projects

For specific projects which may not be represented in the budget or inadequately funded in the budget, a steward or commission may request a specific sponsorship drive to meet the need. The drive would be for a specific and generally brief duration and solicitations should make clear that this giving is above and beyond pledges for church operations and any other designated projects. The Treasurer may choose to establish a temporary fund to accumulate

monies from the sponsorship drive. In most cases, the fund should expire at the conclusion of the project. Funds remaining at the conclusion of the project will revert to the general fund unless other provisions have been made. At least annually, the Stewardship and Finance commission shall consider if there is a continuing need to retain any such funds separately. At that time, unused funds may be placed in the church's General Fund.

6.4 Salaried Staff Policy

Number: 6.4
Title: Salaried Staff Policy
Date: 09/12/17

Purpose

This document outlines the practices of Northwest United Protestant Church in hiring, compensating, and supervising all salaried staff, with the exception of the Pastor. Policy concerning the Pastor is included in the Constitution.

Policy and Procedures

It is the practice of Northwest United Protestant Church (NWUP Church) to hire a paid staff to provide certain services for the Church.

Hiring of Salaried Staff

The need to fill a salaried staff position is identified to the Moderator by the appropriate commission or church official. The Moderator authorizes the initiation of the hiring process and, using information provided by the Personnel Committee, defines a range for the starting salary.

The Personnel Commission, in consultation with the Pastor, solicits applications, evaluates applicants, and makes a selection. The applicant and the starting salary must be approved by the Moderator and Board as a final step in the hiring process.

Compensation

It is the policy of NWUP Church to compensate members of the salaried staff at a rate consistent with salaries paid for like services in our community. Compensation will be based on a salary range for each position and a selection of an actual salary within that range which reflects incumbent experience and efficiency.

The salary range for each position will be established by the Personnel Committee using periodic reviews of salaries paid by other local churches, cost-of-living trends, and other applicable factors.

The actual salary paid to an employee will depend on the employees experience, training and qualifications.

All paid employees file time cards for approval by the Moderator.

Salaries are based on normal hours worked that are established for each position. Extra hours worked are paid for on an hourly basis when requested and approved by the employees supervisor.

Performance Evaluation

The performance of those holding the salaried staff positions shall be evaluated annually by the Pastor.

Evaluation of performance should be based on the requirements outlined in the Position

Descriptions. The evaluation is made in consultation with organizations and individuals who use the specific service.

Where the evaluation indicates unsatisfactory performance, the Pastor must bring the matter that will affect the employee's salary or status to the personnel commission for appropriate action.

Vacation and Absences

Paid vacations and absences for each calendar year will be provided for the Church Secretary. Paid vacations for these this position will be as follows: One week at the beginning of the second year of employment and two weeks at the beginning of the fifth year of employment.

Sick pay for these positions shall be limited to a maximum of 24 hours per calendar year. There shall be no carry-over of unused sick leave from one year to the next. Deviation from the policy for paid absences will require the approval of the Personnel Committee.

Non-paid absences for all salaried staff will require the approval of the Pastor.

Responsibilities

The Elders are responsible for reporting and documenting employee grievances and for recommending resolutions to the Personnel Committee.

The Pastor will provide job supervision and notify the Personnel Commission of need to replace an employee. The Personnel Committee, with the assistance of the Pastor, is responsible for establishing job descriptions along with criteria for good performance; soliciting applications and evaluating candidates; and reporting employee grievances to the Elders.

6.5 Sexual Misconduct Policy

Number: 6.5
Title: Sexual Misconduct Policy
Date: 09/12/17

Policy

It is the policy of NWUPC that sexual misconduct will not be tolerated.

Necessary Actions

There are two categories of sexual misconduct necessitating a somewhat different approach to each.

Physical Sexual Misconduct

Any member or visitor to the church campus experiencing or witnessing physical sexual assault, indecent exposure, stalking (including cyber stalking), threats of harm, groping or fondling, egregious unwanted advances or other similar behavior; should immediately call 911. A church official and the church insurance company shall also be notified as soon as possible. Employees and volunteers working with children and youth are considered to be mandated reporters and are required to report incidents of sexual misconduct to Child Protective Services (CPS).

If the incident(s) occurred in the past, the alleged victim or witness should document with dates the five Ws: who, what, where, when and witnesses. If the alleged victim is a minor; CPS, a church official and the church insurance company shall be notified of the alleged incident(s) as soon as possible. If the alleged victim is an adult, the police department instead of CPS shall be notified. Elders shall keep a file of relevant documents and police reports.

Verbal Sexual Misconduct

Non-physical and less egregious types of sexual misconduct such as leering, inappropriate jokes, obscene gestures, sexual teasing or innuendo, inappropriate sounds such as cat-calls should be reported to a church official and documented. The documentation should include the five W's: Who, What, When, Where and Witnesses. The Elders shall investigate and determine appropriate actions in a timely manner. Actions, depending on the severity of the behavior, may include pastoral counseling, use of outside professional services, consultation with the police department, consultation with the church insurance company or other actions.

Prevention Requirements

All paid employees and volunteers who work with minors are required to complete and pass a Washington State Patrol background clearance as required by current Washington State Law. The Personnel Committee has the responsibility to make sure this is done.

Two adults shall always be present when babies, children or minor youth are being tended.

Elders shall keep a log of periodic audits and investigations to document that these prevention requirements are being met.

Training Requirements

Mandated reporters, elders, the pastor and the church secretary shall take sexual misconduct

training at least every two years. Records of this training shall be kept by the Elders. These courses are available via various governmental organizations.

6.6 Maintenance of Tax Exempt Status

Number: 6.6
Title: Maintenance of Tax Exempt Status
Date: 09/12/17

Purpose

This manual section describes things to do and not to do that maintain the tax exempt status of the church including filing of federal and state reports.

State Requirements

Beginning in 2014, churches may loan or rent their exempt property to individuals or organizations for non-exempt activities up to 50 days per year. On 15 of those 50 days, the property can be used for business activities. Churches may continue to loan or rent their exempt property to nonprofit organizations or schools using the property to conduct an eleemosynary activity. “Eleemosynary activity” means a charitable activity in which some social objective is served or general welfare is advanced.

Church-sponsored fundraising events held on exempt property do not jeopardize the exemption, if each event: is limited to five days or less; and 51% or more of the net proceeds from the event is remitted to the sponsoring church. *NOTE: Churches may co-host fundraising events sponsored by other qualifying nonprofit organizations, if these criteria are satisfied.* Fundraising activities that are regularly scheduled on a daily, weekly or monthly basis are considered to be business activity, rather than “occasional fundraising events”. These may only be conducted within the overall 15-day allowance for business activity.

Churches that share their properties with individuals or other organizations under the revised law must maintain an accurate record or “calendar” of those uses throughout the year. This calendar must be provided to the Department of Revenue upon request. The calendar should include: (1) the date of the use, (2) the name of the person or organization using the property, (3) the purpose of the event, (4) the amount of any rent/donation paid for the use, (5) and an indication if the property was used for pecuniary gain or business purposes.

An annual review is required by the State. Generally, the initial exemption is established for a single tax year or specific tax years. To continue the exemption, churches must file an annual renewal, disclose any changes in ownership or use, and confirm that their property continues to qualify for exemption. The Department of Revenue sends a notice each year in January reminding churches to renew online at www.dor.wa.gov before March 31 using the “My account” program. Failure to renew will result in the loss of the exemption. The Church Treasurer is responsible for filing this notice.

Federal Requirements

In general, no organization may qualify for section 501(c) (3) status if a substantial part of its activities is attempting to influence legislation (commonly known as *lobbying*). A 501(c)(3) organization may engage in some lobbying, but too much lobbying activity risks loss of tax-exempt status.

An organization will be regarded as attempting to influence legislation if it contacts, or urges the public to contact, members or employees of a legislative body for the purpose of proposing, supporting, or opposing legislation, or if the organization advocates the adoption or rejection of legislation.

6.8 Timeshare Policy

Number: 6.8
Title: Timeshare Policy
Date: 8/16/22

Purpose

Northwest United Protestant Church owns a one-week Hawaiian timeshare. This document outlines the policies and procedures to utilize the timeshare for members' benefit and enjoyment.

Description

NWUP Church wishes to promote the enjoyment of the accommodations in Hawaii while not incurring any additional financial obligations. NWUP will pay the annual ownership fee, but generally expects the timeshare user(s) to promptly reimburse the church for this expense. The timeshare user(s) are expected to pay all expenses for travel to and from Hawaii plus any additional expenses such as food, transportation and entertainment while staying at the timeshare.

Our Hawaiian timeshare is a studio apartment with moderate accommodations (i.e., fold out bed and kitchen appliances) for use by a person/family for one week (six nights). The primary means of confirming the dates of our use is by filling out a request form provided by the Imperial Resorts.

All usage fees paid to the church by users, to reimburse annual fees charged by Imperial Resorts, shall be placed in a restricted account to pay future fees that are charged to Northwest United Protestant Church, as the owner.

Procedure

An annual drawing will be used to select the person/family to use the timeshare.

The drawing should occur no later than the last Sunday in February for the next calendar year (January through December).

Interested parties must notify the church office before the drawing. Notification may be made by regular mail, telephone call, email or verbally to the church secretary.

The Pastor, Moderator, or Chair of the Stewardship and Finance Commission (or other designee) will draw the winning name from a container holding all the names of interested parties. The person drawing the names shall not have his or her name in the contest. All entries will be drawn one at a time. The names and order drawn shall be recorded in order to establish the next-in-line person (e.g. 1st Runner-up, 2nd Runner-up, etc.) in the event that the winner is unable to use the timeshare during their year.

Any church member or regular attendee is eligible to put his or her name in the drawing unless he or she has won within the last year. This previous winner restriction is disregarded if no one other than the previous winner has conveyed their interest.

The usage fee is the most recent amount charged by Imperial Resorts (the timeshare

management company) in the period prior to the drawing. The usage fee typically increases year to year and was approximately \$800 when this procedure was last updated. This fee is payable to NWUP within 45 days following selection of a winner or alternate.

The Stewardship and Finance Commission may review the usage fee as needed to ensure it remains fair and feasible.

The Church Board may offer the timeshare to a person/family unable to pay the usage fee. In this case, the fee to be paid to the church may be waived entirely or reduced by some amount decided by the Board. The suggested frequency should not be more than once every seven years. If the Board makes this offer, the recipients are responsible for their travel and additional expenses (e.g. food and entertainment).

The Treasurer shall pay the annual ownership fee via check in order to save the church the credit card processing fee of 3% included in the statement from Imperial Resorts.

All interfaces with the timeshare management company (Imperial Resorts) shall be via the Trustee Chair. The Trustee Chair will have signature authority with Imperial Resorts for NWUP Church.
